

GIPSA Footprint 2023

self assessment fulfill the yellow cells

Supplier Total Emission **454817 CO2e(kg)**

BOUNDARY													
Factory			Office			Warehouse			Other rented space				
454817 CO2e(kg)			CO2e(kg)			CO2e(kg)			CO2e(kg)				
Comments	type	Quantity	Unit	type	Quantity	Unit	type	Quantity	Unit	type	Quantity	Unit	
SCOPE 1 DIRECT EMISSION link to the Process	Gaseous fuels												
	Liquid fuels												
	Liquid fuel for compagny cars, Trucks, Boats, Planes												
	Solid fuels												
	process & fugitive emissions												
	Other fuels (if you don't find in the previous list)	Please report directly the CO2e in Kg accordingly to the emission factor of the fuel used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the emission factor of the fuel used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the emission factor of the fuel used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the factor emission of the fuel used. Pay attention of the unit, volume you use.		
Total Scope 1	CO2e(kg)			CO2e(kg)			CO2e(kg)			CO2e(kg)			
SCOPE 2 link to the process	Electricity consumption for production and process	Espagne	1910996	kw/h	454.817	Espagne		kw/h	0			kw/h	0
	Heat	Please report directly the CO2e in Kg accordingly to the factor emission of the STREAM used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the factor emission of the STREAM used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the factor emission of the STREAM used. Pay attention of the unit, volume you use.			Please report directly the CO2e in Kg accordingly to the factor emission of the STREAM used. Pay attention of the unit, volume you use.		
	Cold	0			0			0			0		
	steam	0			0			0			0		
Total Scope 2	454817 CO2e(kg)			CO2e(kg)			CO2e(kg)			CO2e(kg)
